

**IN THE SPECIFICATION:**

Page 1, paragraph 1, amend as follows:

This application claims priority to and is a divisional of U.S. Patent Application Serial No. 09/940,463, entitled “Automatic Scrolling,” filed August 29, 2001, hereby incorporated by reference as to its entirety. This application is also related to U.S. Patent Application Serial No. ~~TBD~~ 09/940,900, entitled “Touch Sensitive Device for Scrolling a Document on a Display,” ~~attorney docket no. 03797.00124~~, and U.S. Patent Application Serial No. ~~TBD~~ 09/940,505, entitled “Manual Controlled Scrolling,” ~~attorney docket no. 03797.00125~~, both filed ~~simultaneously with the present application~~ August 29, 2001, hereby incorporated by reference as to their entireties.

Page 9, paragraph 25, amend as follows:

The scrolling device 100 may be a separate device or may be incorporated into another device such as a keyboard, mouse, and/or laptop computer. In some embodiments, the scrolling device 100 may be on the side of a keyboard. In other embodiments, the scrolling device 100 may be between some of the keys of the keyboard, especially where the keyboard is a split keyboard. Examples of such embodiments are disclosed in co-pending patent application serial no. ~~TBD~~ 09/940,900, entitled “Touch Sensitive Device for Scrolling a Document on a Display,” ~~attorney docket~~

~~no. 03797.00124, filed simultaneously with the present application~~ August  
29, 2001, hereby incorporated by reference as to its entirety, and  
particularly as to the disclosed exemplary embodiments of touch-sensitive  
surfaces and devices. Where the scrolling device 100 is incorporated into  
a keyboard, the user may be more able to scroll a document without  
having to remove his or her hand from the keyboard.
